

The **heaviest** velour on the market, offering a **luxurious appearance** thanks to a very high thread-count weave, rated **M1 flame-retardant**, and combining excellent **acoustic absorption**, great **opacity** and optimum thermal resistance.

With its **short-pile weave**, this velour offers superb stage qualities including reduced shine for a **deep, even black**, and greater resistance to dust and creasing.

This velour is particularly appreciated for making **stage curtains, banners**, and more..

In flame-retardant cotton, it is recommended for indoor use.

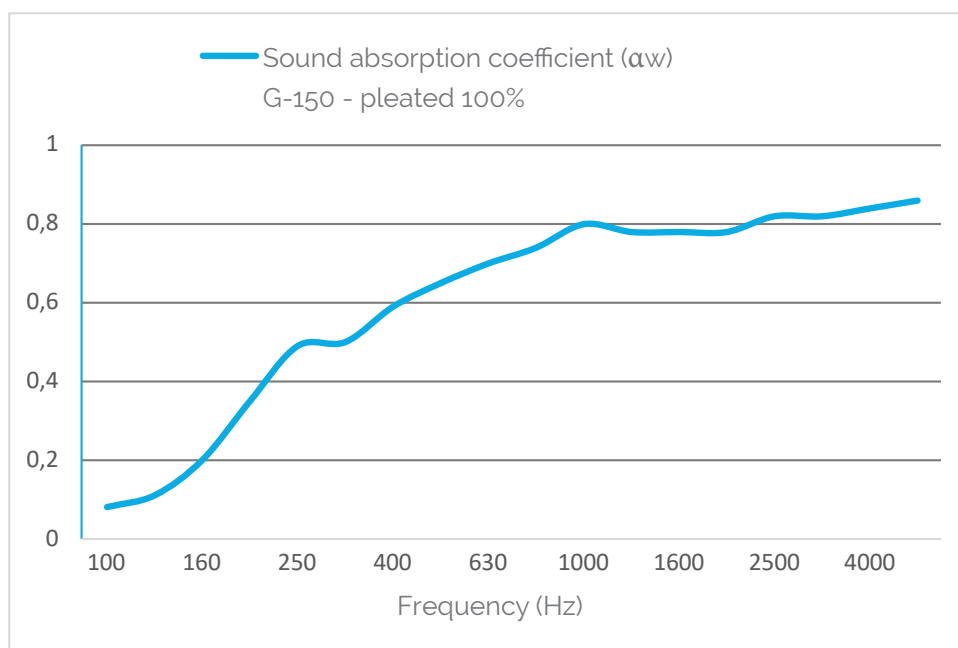

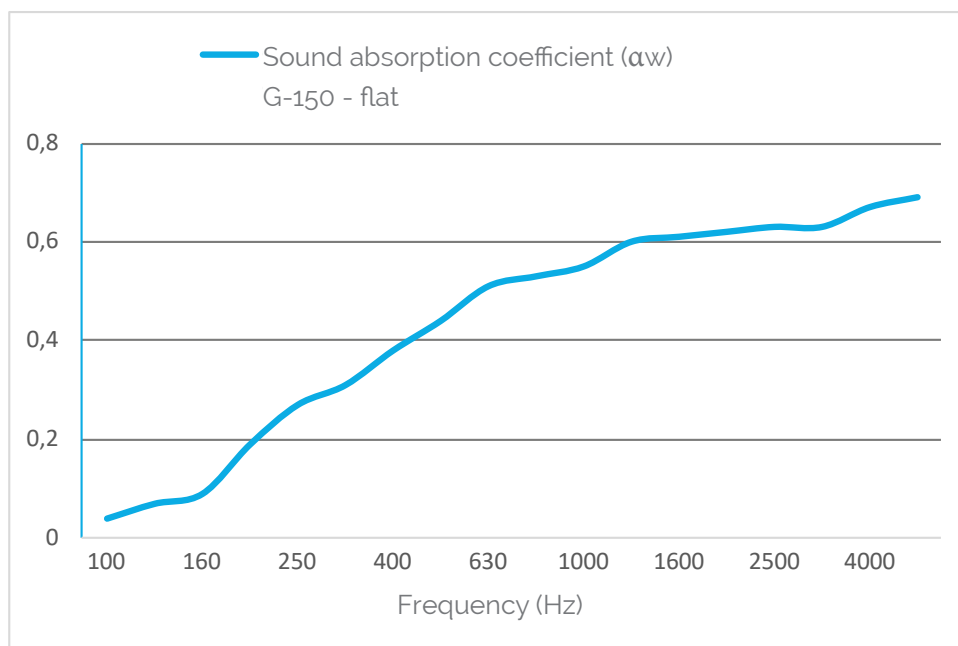

003

Technical data	Value	Notes
Width	± 140 cm	
Weight	700 g/m ²	
Thickness	3 mm	
Flame-retardant rating	 M1	
Composition	100% Cotton	
Roll length	Approx. 30 m	Lengths not calibrated, lengths may vary Cut-to-length possible
Tear Force	Warp: 20 N Weft: 14 N	
Tensile strength at break	Warp: 222 N Weft: 178 N	
Elongation at break	Warp: 9 Weft: 12%	
Acoustic properties		Standard: UNE EN ISO 354: 2004 Sound absorption curves on page 2
WSAC (weighted sound absorption coefficient)	0.60 α_w	
SAC (sound absorption class)	C (highly absorbent)	

Additional information

Care Vacuum clean, soft brush
(Product not suitable for washing or dry cleaning)

Recommended use Stage hangings: stage curtains, banners, etc.
