

Light-Diffusion Cloth

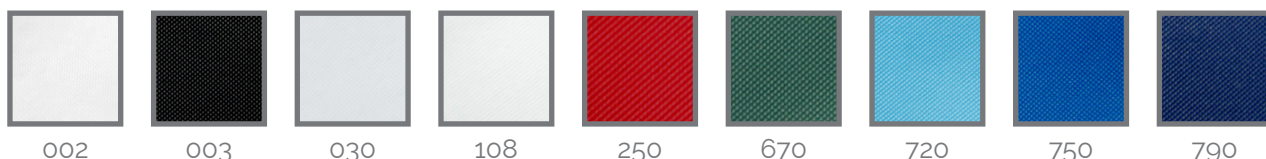

Ref. 4900

A **light**, hard-wearing technical fabric with a translucent appearance, and **M1** flame-retardant rating, available in **9 colours**.

This super versatile material lends itself to a multitude of uses such as **front projection** and **rear projection diffusion** for different lighting effects, screens for **Chinese puppet theatres**, making **curtains**, and dressing **ceilings and flats...**

Made in 100% **Trevira CS**, it is **washable** and **UV-resistant** and it's also great for **outdoor and indoor use** alike.
