Scratch Paper

Ref. 4915

Azur Scenic

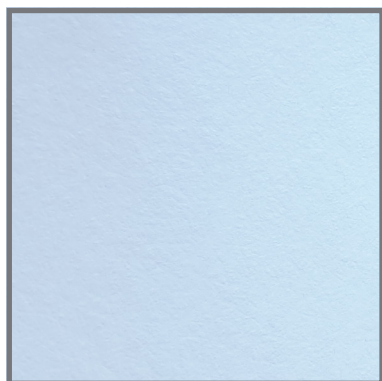

002

A **super-resistant double-faced material with paper effect finish** and **B1 flame-retardant rating,** offering surprising properties! The first side has a **quilted** effect with an appearance similar to **crepe paper**. Use it as a fabric by leaving this side showing for **decorative** use. But this side also has the ability to **stick** naturally to **Velcro® strips** allowing you to install it easily on a number of surfaces. The second treated side is **printable** (UV, Solvents, environmentally-friendly solvents) and can also be used a surface for **paint**. Our versatile Scratch Paper is perfect for **dressing stands**, making **painted** and **printed panels**, **Japanese screens**... and even for an original **projection** screen. This 100% polyester fabric is suitable for both indoor and **outdoor** use.
