Also known as a **tie-back**, this essential **elastic loop** and **hook** lets you **tension** different types of **canvas**, **tarpaulins** or **screens** with eyelets in record time.

It is **easy** to install and requires **no tools**: simply pass the end of the loop through the eyelet, go around the structure as many times as necessary to adjust the tension and fasten the hook in the loop to finish.

Available in **2 colours**, our cabiclics will blend **discreetly** with your decor! As they are **multifunctional**, you can also use them to store and organise your equipment (to store rolled canvases, group cables, etc.)
